Career Objective

Highly skilled and dedicated Full Stack Developer with over 5 years of experience specializing in the Laravel ecosystem. **Expert in AI-assisted coding workflows**, leveraging tools like GitHub Copilot and GPT-4 to accelerate development cycles and optimize code quality. Proven track record in building robust healthcare management systems and custom CRM solutions.

Core Competencies

- **Full-Stack Architecture:** Designing end-to-end scalable web applications using MVC patterns.
- **AI Workflow Integration:** Advanced use of LLMs for code refactoring, bug fixing, and unit test generation.
- **Performance Optimization:** Database indexing, query caching, and lazy loading to improve load times.
- **Security Best Practices:** Implementation of CSRF protection, SQL injection prevention, and secure API auth.

Experience

- **Laravel Developer**
  Abym Technology Pvt. Ltd, Noida 2023 – Present
  - Developed and maintained modular web applications using Laravel, React.js, and Vue.js.
  - **Key Point:** Improved application performance by 30% through SQL query optimization and Redis caching.
  - **Key Point:** Streamlined API development by implementing standard RESTful protocols and Swagger documentation.
- **Laravel Developer**
  Finesoft Technologies Pvt. Ltd, Noida 2022 – 2023
  - Bridged the gap between UI/UX designs and backend logic using Blade templates and Vue components.
  - **Key Point:** Integrated multiple 3rd-party payment gateways and SMS notification services.
- **Python Developer**
  Magical Umbrella Pvt. Ltd 2021 – 2022
  - **Key Point:** Automated routine data processing tasks using Python scripts, saving 10+ manual hours weekly.

Featured Projects

- **Personal Portfolio:** Live Link – Showcasing full-stack expertise and project gallery.
- **Oncquest Healthcare System:** Project Link – Comprehensive management system using Laravel/react.js.
- **TMS (Big Basket):** Project Link – Centralized training data management system.
- **Lal Path Labs:** View Website – Maintenance and feature development for a major healthcare platform.

Technical Skills

- **Backend:** PHP (Laravel), Node.js (Nest.js), Python, MySQL, PostgreSQL, RESTful APIs, MVC.
- **Frontend:** React.js, Next.js, Vue.js (Vuex), HTML5, CSS3, JavaScript, Tailwind, Bootstrap.
- **Tools & DevOps:** Git, GitHub, Linux, cPanel, Postman.
- **AI Assistants:** GitHub Copilot, ChatGPT/GPT-4, Claude, Prompt Engineering, Google Antigravity.

Academic Qualifications

MBA (Finance & IT) *Leena Kishor Mamidwar Institute of Management Studies and Research (LKMIMSR), Chandrapur*
Gondwana University *2024 - present*
Percentage:

B.E. (Computer Science & Engineering) *Shree Sai College of Engineering and Technology (SSCET), Bhadrawati*
Gondwana University *2016 - 2020*
Percentage: 74.60%

HSC (Higher Secondary Certificate) *Janata Junior College, Ghugus*
Maharashtra Board *2015 - 2016*
Percentage: 71.69%

SSC (Secondary School Certificate) *Janata Vidyalaya, Ghugus*
Maharashtra Board *2013 - 2014*
Percentage: 72.40%

Declaration

I hereby declare that the above information is true to the best of my knowledge and belief.
